We hope we have managed to accommodate parents but if you are **not able** to attend your meeting can we ask that you contact the school as your time slot may be more convenient for another parent.

An alternative meeting date can always be arranged but please bear in mind that it could be some weeks away.

As you can see, the meetings are restricted to 15 minutes. Discussion for the meeting will be 'Focus of Learning' – this will cover pupil attitudes and progress to learning during Term 1.

If there are more in-depth matters, or any concerns you would like to discuss, as always, the teaching staff will endeavour to meet with you at a mutually agreeable date/time. Please make Mrs Leyva aware of any concerns during your meeting.
